

VERTICAL SLAM

Dear recipient,

The Vertical Slam Ultimate Challenge non for profit society hosted a community event this past summer to raise funds for our local schools hot meals and food programs.

We did a fun challenging trail run in the Beatton River Valley. Participants could do a 5km, 10km, 15km, and half marathon distance. The event was wonderful and people were so excited not only to participate , but to be able to give to our cause. We had so many wonderful sponsors that helped our event and contributed directly to our cause to ensure success. The community really embraced it.

We understand the schools have been struggling to make programs happen and get meals to children that need them. You give so much of yourselves and some of you, your own finances to help these programs. We wanted to let you know that we care about you and hold you very dear to our hearts. We are very passionate about this cause and will continue to fundraise for the schools. All our proceeds go towards the school district 60 schools only. Everything stays local.

We are overjoyed to present you with this food gift card for \$800. We hope this relieves some of the stress of planning funding for one of your programs that involve either feeding children breakfasts, snacks and/or lunches, fruit and vegetable programs, teaching children to bake and cook, ect.

We will continue to work hard fundraising for you! Our Vertical Slam Ultimate Challenge Beatton River Valley event will take place June 6, 2020.

Have a wonderful school year!
